

Title: Production Technician
Company: EPT, www.cleanoil.com
Location: Calgary, Alberta

The Position:

Your duties would include assembling and testing filtration skids and filters, preparing and shipping orders, and general shop and warehouse duties. Our unique product line and the range of work in this position offers candidates an interesting and challenging opportunity.

Our TEAM:

We have an amazing product line, exceptional team, and strive to offer an incredible customer experience. We are looking for a like-minded individual that can equally contribute in work ethic, attitude, productivity and quality.

The Company:

EPT are world leaders in the application and design of filtration technologies used for specialized industrial lubricants and fluids. EPT's products provide consistent high purity lubricants and fluids to critical production equipment used in power generation, oil and gas, and other specialized industrial applications. EPT's technology and service allows customers the advantage of avoiding common lubrication and mechanical issues which would otherwise shut down their facility. EPT's filtration technologies also offer important environmental advantages by reducing industrial waste. EPT is based in Calgary, Alberta, and operates and works with local partners in more than 30 countries.

The Successful Candidate must possess:

- Ability to work safely and follow our safety program.
- Ability to follow basic schematics and drawings to assemble and test simple machines.
- Above average mechanical skills, with proven capabilities working with fittings, tubing, valves, and basic instrumentation.
- Must be in good physical shape, have the ability to lift 25Kg, and pass basic medical.
- Must be detailed oriented and exceptionally organized.
- Must have excellent oral and written communication.
- Quick learner and able to follow instruction consistently.
- Responsible and accountable for your work, time, and safety
- Dependable, reliable, and punctual.
- Valid Driver's License with clean driving record.

- Willingness to work in a totally smoke free environment.

Preferred applicants will have (but not mandatory):

Valid forklift certification, First Aid, some post-secondary or trade school

Compensation: Hourly Rate: \$22-26 per hour, Full time, M-F, 8-4:30, Company benefit plan after 3 months, Group RSP savings plan with company match as per program details after 3 months.

To apply:

Please write us a letter outlining your skills, experience, and personal attributes and how these relate to the requirements listed above. Please include current resume. Only qualified applicants that follow instructions will be contacted.
